How this planner is organised

Print the whole planner once, or just the pages you need each week. Every page works on its own. Lists repeat where life repeats them — three master gift lists, two expense logs, two grocery lists — so you never run out of room.

My total Christmas budget

$1600

Budget used so far — colour in as you spend

One money rule for this Christmas

If it is not on a list, it does not go in the basket.

If I overspend in one place, it comes from…

It comes out of January fun money - no guilt, just a plan.

Notes & adjustments

Booking the train early saved $45 - moved it to the food budget.
